TSI INSTRUMENTS LTD ENVIRONMENTAL POLICY

TSI Instruments Ltd is committed to protecting the Local and Global Environment and has developed an Environmental Management System appropriate to the purpose and context of the business to ensure the activities carried out within the organisation minimise the impact to the environment.

The Environmental Management System (EMS) has been established, documented, implemented and continually improved in accordance with the requirements established in ISO 14001:2015.

TSI Instruments Ltd operate from one main premises on Stirling Road, Cressex Business Park, High Wycombe, Buckinghamshire, HP12 3ST.

The scope of the EMS is "*The manufacture, distribution, service and calibration of air measurement test equipment and distribution of other TSI Group Products*"

TSI Instruments Ltd commits to

- prevent pollution, reduce waste and minimize the consumption of natural resources,
- comply with all applicable legal and compliance requirements to which the company subscribes relating to the environmental aspects of the business,
- include the consideration of the environmental issues in all business strategies and initiatives,
- ensure TSI Top Management is committed to ensuring the protection of the environment is firmly embedded in the strategic direction of the company,
- educate, train and motivate employees to carry out tasks in an environmentally responsible manner & ensure that a continuous professional development strategy remains the core business goals,
- consider the wider global risk and impact of all business activities including those of our suppliers, customers, stakeholders and other interested parties,
- encourage environmental protection among suppliers and subcontractors,
- investigate the feasibility of influencing our suppliers, customers and third parties with consideration of the life cycle impact of their aspects and activities,
- be committed to continually improve the environmental management system and objectives to enhance the overall environmental performance.

This policy is communicated to all TSI Instruments Ltd employees and contractors.

It is also available to the public and interested parties upon request.
