# ENROLL IN THE PORTACOUNT ACADEMY TODAY TO ENSURE YOU'RE INFORMED OF THE FULL ADVANTAGE WE OFFER.

## Review the valuable training opportunities available.

### + Interactive

#### Training Tutorial

A well-rounded interactive training tool covering everything from instrument setup and fit testing, to running and exporting reports.

### + Online Campus

A variety of intermediate and advanced innovative webinar courses offered live throughout the year and archived on the TSI web site for repeat or later viewing.

### + TSI Shoreview Campus

A comprehensive program facilitated at the Shoreview, MN campus offering beginner through advanced level PortaCount Respirator Fit Testing courses at varying times throughout the year.

### + Onsite Campus

One of our trained instructors comes to you. A lesson plan is customized around a user's specific site needs in relation to use of the PortaCount Respirator Fit Tester.
